

Senate Bill No. 12

Passed the Senate August 31, 2012

Secretary of the Senate

Passed the Assembly August 27, 2012

Chief Clerk of the Assembly

This bill was received by the Governor this _____ day
of _____, 2012, at _____ o'clock ____M.

Private Secretary of the Governor

CHAPTER _____

An act to amend Section 35110 of the Vehicle Code, relating to vehicles.

LEGISLATIVE COUNSEL'S DIGEST

SB 12, Corbett. Vehicles: aerodynamic devices.

Existing law provides that the total outside width of any vehicle or its load shall not exceed 102 inches, except door handles, hinges, cable cinchers, chain binders, and holders for the display of placards warning of hazardous materials may extend 3 inches on each side of the vehicle.

This bill would also allow aerodynamic devices, as defined, to extend 3 inches on each side of a tractor-trailer vehicle.

The people of the State of California do enact as follows:

SECTION 1. Section 35110 of the Vehicle Code is amended to read:

35110. (a) Door handles, hinges, cable cinchers, chain binders, aerodynamic devices, and holders for the display of placards warning of hazardous materials may extend three inches on each side of the vehicle.

(b) For purposes of this section, “aerodynamic devices” means devices using technologies that minimize drag and improve airflow over an entire tractor-trailer vehicle. These include gap fairings that reduce turbulence between the tractor and trailer, side skirts that minimize wind under the trailer, and rear fairings that reduce turbulence and pressure drop at the rear of the trailer, provided that these devices shall not adversely impact the vehicle’s swept width and turning characteristics and that the primary purpose of the device is not for advertising.

Approved _____, 2012

Governor
